Re: Letter of Recommendation – Asante Design Group

Dear Juliette:

It is my personal pleasure as well as that of Wilson & Company to highly recommend the services of Asante Design Group. We had the privilege of working together for the first time on an interior build out of the new Amicus medical clinic in Stuart, FL.

Juliette and her team's attention to detail and professional approach was evident throughout the entirety of the project. Due to the thoroughness and accuracy of the drawings, the building department issued the permit in less than two weeks with no review comments. They were responsive and available to discuss any RFIs or questions during construction, which allowed the project to be completed on time.

It is without reservation that I would recommend the design services of Asante Design Group to others and I look forward to working together on future projects.

Sincerely,

Dave Grosz
Project Manager
Wilson & Company, Inc.
