Julie L. Schiff, AIA
President
Studio Schiff LLC
1901 Harrison Street
Hollywood, FL 33020

Dear Julie,

We would like to commend your outstanding performance as Project Manager and Designer for the complete interior and exterior renovations of our residence. You stand out because of your innovative design solutions, detailed drawings, and the obvious high standards we witnessed by the construction team during our renovation.

By working closely with us to develop a program, you provided a design for an extraordinary resident within the time limits and budget we set forth. It was a pleasure for my wife, Lisa, to work with you in the selection of finishes and we now have a new home that truly exceeded our expectations.

We have outgrown our current facility and are considering several sites for our new commercial facility. Your professional expertise as a planner and designer will once again be invaluable to us in all phases of this project.

We are looking forward to working with you once again with great enthusiasm.

Very sincerely,

Jack T. Scalisi
President/Owner

SERVING SOUTH FLORIDA SINCE 1979
